NIBE ELK 15

35 dB

15 kW

Electrical boiler for space heating

Supplier's name:	NIBE	
Model:	ELK 15	
Seasonal space heating energy efficiency class, average climate:	D	
Rated heat output (P _{design}), average climate:	15	kW
Sound power level L _{WA} indoors	35	dB
Annual electricity consumption for water heating, average climate	33850	kWh

Information for package label

Class of the controller	I	
Contribution to the energy efficiency	1	%
Seasonal space heating energy efficiency, average climate:	37	%
Seasonal space heating energy efficiency class, average climate:	D
